

I wish to file a complaint with the FCC pertaining to Sinclair Broadcasting Group's decision to force their 62 stations to pre-empt their regular programming to air an anti-Senator John Kerry "documentary" entitled "Stolen Honor" mere days before the Presidential election. I am deeply offended by this and any attack on our country's brave veterans. This is yet another clear example of the dangers of media consolidation.

SBG is kindly granted use of the public airwaves free of charge, and is obligated by law to serve the public interest. By running a 90-minute, uncontested, partisan, and nonfactual political propaganda piece, SBG is violating the public trust that it is privileged to serve.

I am respectfully requesting that the FCC investigate the legality of this matter. I, as a taxpayer and a member of the public sovereignty, strongly encourage the FCC to place a higher priority on this matter than the exposure of Janet Jackson's right breast during a Super Bowl Half-time show. This hammerstrike at the foundation of our already endangered democracy deserves much more attention and is a far greater problem.

I urge the FCC to come to a swift and timely decision to prohibit SBG's usage of our airwaves for this devious, illegal purpose. Thank you.
